

# Our Lady's Montessori School

of the Society of Our Lady of the Most Holy Trinity

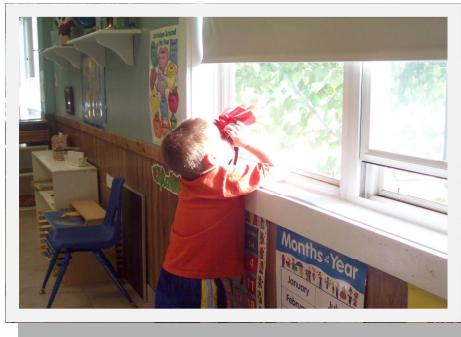

*See Fall Everywhere.*

Dear Families and Friends,

On the Feast of St. Luke, we will begin our Catechesis of the Good Shepherd program. Sr. Elisabeth will begin with a few basics of the Atrium to familiarize the children with the work and schedule. By Advent, the children will be in full-swing with their work. Each of the Disciples' will participate once a week in the CGS.

We are very grateful for the **Dunn Family Foundation** to support our Kitchen renovation, with a \$15,000 "Challenge Grant". The challenge is that we have to raise \$20,000 by Dec 31st in order to obtain their grant. Please let me know if you or a friend can help with the "challenge", so that the necessary funds are in place to do this work. It's a total kitchen makeover!

Blessings! Sr. Mary Mediatrix of All

# Disciples

Fall is finally in full swing! The **Disciples** have been learning about the change of seasons. This year we have had a special focus on apples. Each **Disciple** has had the chance to try many different types of apples- Granny Smith, Fuji, Red and Golden Delicious. We have examined the parts of the apple and it's life cycle. The unit ended with a celebration of Johnny Appleseed's birthday. Each child made a hat just like the upside down pot on Johnny's head. With the help of our families, we sampled delicious fall fare including apple cider, muffins, pie, and cobbler. Thank you to everyone who made this day and our school possible!

## Little Angels

The Angels are "Fall"ing into Fun this month. We began our autumn adventures with a wagon ride, corn field maze, feeding farm animals, and pumpkin patch picking at Faulkner's Ranch and Pumpkin Farm.

We are going to "carve out" time in our daily work time to "plant the seeds" of knowledge as we discuss and observe the changes of the seasons around us. This month we plan to introduce a couple of letters and their sounds. We plan to introduce the letters "P" and "O" and introduce the colors "purple" and "orange". Each Friday, please help in the introduction of these concepts by assisting your child in picking out and bringing in something to share that begins with either letter or color.

Lastly jump into Fall at home by helping your child identify the way leaves change colors and fall from the trees.

Love, Miss Janelle & Ms. Carolyn

## Little Saints

We love all work involving water! We love watering the outdoor garden! While inside, we have been washing windows, watering more plants, doing dishes, and pouring water from the tea pot ! We have also become fine chefs, making homemade ice-cream and edible play dough. Our room is filled with talented **Little Saints**. Finally, to show our love to the Blessed Mother, the **Little Saints** have been busy this month working on a sacred art project of the **Coronation of Our Lady**.

Blessings, Miss. Annie & Miss. Song

Our continued gratitude to John Lovell & Versadox for the monthly newsletter printing!
